ニートと彼女 ツインクル
ニートと彼女 ツインクル
ニートと彼女 ツインクル

1. Moment kokuhaku (penembakan)
Di Jepang moment nembak cowok namanya kokuhaku, biasanya sebelum menyatakan cinta seorang cowok bakal ngajak teman cowonya buat jalan-jalan sama temen2 lain. Nah waktu dalam perjalanan pulang dan jalan-jalan kulah, si cowok bakal nembak cowo yang dia sukanya.

2. Tidak bilang cinta, Cuma bilang aike
Pasangan pacaran di Jepang nggak pernah bilang Aikaitaru (cinta) ke pasangannya. Mereka Cuma bilang Desuki (suka banget) ke pasangannya. Hal ini karena ungkapan aikaitaru hanya diungkapkan pna kepada wanita jika mereka sudah memutuskan akan melanjutkan hubungannya ke jenjang pernikahan.

1. Tahukah kamu arti dari "Doraemon"?
Nama Doraemon berasal dari 2 kata: Dora dan Emon. Dora adalah susunan plaidan dari "Nora" yang berasal dari "Nora-Nora" yakni acay cat.
Emon adalah susunan kata tambahan tradisional untuk nama dan manusia atau binatang yg berjenis kelamin laki-laki, biasanya laki-laki Doraemon.
Secara harafiah, nama Doraemon bisa diartikan "Siay male cat" (juring liar jenlah). Dora sebenarnya bisa juga berarti "gang" (milih "Dora" yg dipakai dalam nama kua dorayaki). Maka bukan itu "Dora" yg dipakai di nama Doraemon, namun ini menjadi susunan plaidan, di mana tubuh Doraemon memang bundar-bundar seperti gang.
2. Doraemon memiliki kode produksi, yakni MS-903. Ini adalah nama asli Doraemon sebagai robot & dengan nama inilah ia dipanggil oleh sang pemilik pabrik robot di mana ia diproduksi. Nama ini disebutkan dalam episode ulang tahun Doraemon tahun 2007.
3. Tanggal 3 September 2112 adalah tanggal di mana Doraemon adalah diproduksi.
4. Angka keberuntungan dari Doraemon adalah 1293. Doraemon memiliki berat 1293 kg (285 lbs) & tingginya 1293 cm (42'). Ia bisa berlari sampai 1293 km / jam (803 mph) ketekukan & melompat 1293 cm (4242 kaki) ketika berancam bahaya.
Kekuatan maksimumnya 1293 bhp. Lingkaran pengaliran tenganya 1293 mm.
Lingkaran kopalnya & lingkaran dadanya adalah 1293 cm. Kalkanya bodi motor 1293 mm. Ia diproduksi pada September 3 2112 (lag-lag MS-903), di Pabrik Robot Matsushita.

Coment Article

The image shows a screenshot of a blog post with a sidebar. The main content area contains two paragraphs and two images. The first paragraph is titled "5. Tidak ada terlihat traktir" and discusses dining habits in Japan. The second paragraph is titled "6. Tidak menggunakan ke orang tua sampai memutuskan untuk menikah" and discusses marriage customs in Japan. The sidebar on the right contains a "Recent Comments" section with a list of comments, an "Archives" section with a list of months from January 2013 to August 2012, and a "Popular Posts" section featuring a Doraemon character.

5. Tidak ada terlihat traktir

Hah yang satu ini kayanya harus ditiru nih sama pasangan pacaran di Indonesia. Di Jepang ga ada tradisi cewe makan dibayarin cowonya. Abis makan ya bayar sendiri. Haha, jadi tembat kan kalo pacaran kaya gitu 😊

6. Tidak menggunakan ke orang tua sampai memutuskan untuk menikah

Di Jepang, mengenalkan pasangan ke orang tua ga akan dilakukan sampai benar2 serius dan memutuskan untuk menikah.
